

Hello!

Are you somewhere quiet? Fairies aren't allowed to write to humans, but I snuck a letter out!

Please don't tell.

I'm just tired of other fairies only talking about riding dragonflies and drinking moonbeams. Zzzz. I want to hear about your world! For example, when I do magic I sneeze. I've seen humans sneeze - what kind of magic are you doing?

Please write back. You can leave it under any tree with my name and I'll find it.

Your curious fairy,

 Midge

Hi again,

A real letter from a real human! Thank you, thank you! I showed it to my best friend Quincy and he couldn't believe it. He wants to know if you actually eat fruit. Like, does it taste... good? We mostly eat flower nectar, but I do enjoy a small piece of rainbow now and then. [Droooooo!]

Can't wait to hear from you again!

 Midge

Hey!

Ah this is so exciting! I've shown your letters to other fairies and they all agree we should write to humans! (Wing flap!) You're the best. I'm going to get even more fairies sending letters. It's almost school time again, so I might not write as much.

Please keep writing to me - I'll read every one!

 Midge
